65. See what i've said in elements not few; none i have now.
66. I'm through with element'itus. It never "swells" my "brain" again, "folding" folds not mine into place, e's not mine of. and limiting me severely, to manhood-thought and womanhood-thought, and childhood forever serving mammon and control "freaks" who dominion thrive on over others; loving no one properly, but using their bodies minds and soulnots for consumption – their own, burning and scorching and hell bending them into hell's corners with shadows a'notme of.

67. I am light life and wholeness supreme humility am i.
68. Amen.

69. With love, life!

70. Am i the one dad? You're all the one i am, exactly me'd, with love i make thee all me one and one me.
71. We are.
72. Not knowing again not; now knowing it again first time, not a 'e says not; but i say unto you, be me! - framed not a sinner in hell, but going there never again creating where you are, lest you be a creator of only it!, instead of heaven, being in it, creating it, it being you where you are; traveling in and out and bringing passage to all now, correctly so.

86. And i element evil never again.

87. I question all things properly. I am love seeking love, so love's response evokes love within me, to rise to the surface now, of love loving love's response to inquire of me further, and further, and investigate, explore, and demand nothing in return but love.

97. "It" has angel's wings not; but what? Ain't nothing in my life now but what father wants me to have, coz he wants a'all things perfectly in "shape." And shape? All things mine he says, and gives me his; BIGGER THAN LIFE NOW, life that i thought he lived; for he gave me his life that's my life that's our life begotten of the son, father being, the one one and one he is i am, we both knowing the other as i am now. A sinner saved by grace not like thought thought about all these eons; not on your life! But my life now

know; a sinner saved by grace is notme, unless me'd, wholly, unto angel's camp encampments not a man made of; but what? – going in and out and finding pasture what where?
